

Biography:

Dr. Michael Stiksa is a veterinary doctor turned dental expert with a rich background in pharmaceuticals. Graduating from Brno Veterinary and Pharmaceutical University in 1992, he later joined 3M's Oral Care Division in 2007. Now, as a Clinical Advisor at Solventum since April 2024, he focuses on educating and training others on dental materials and procedures. Dr. Stiksa brings experience and passion for improving dental care to his role and tries to help you solve your challenges — and advance dental care
